

# Student Questions

## **All the study desks are booked! What do I do?**

- Consider an alternative study location outside of the college or adjust the time and/or day to find an available desk space for studying.

## **How long can I book a study desk for?**

- While there is no time-limit on how long you can book a desk, please be considerate of your fellow students and book for a reasonable length of time.

## **Can I book a desk as a recurring event so I can always have it on the same day and time?**

- No; you cannot book study desks as recurring events.

## **I booked a desk for study time happening two weeks from now; why can't I see it in the Teem Mobile app?**

- The Teem Mobile app only shows bookings for the current week; check the application closer to the date of your event to view it in Teem.
